Communicating and working with our team of guides, angels, and our own soul can add an invaluable dimension to our lives. It is a skill available to anyone with an open mind and heart. Like most abilities, it grows with practice and instruction. Here is a channeling by Shepherd on the subject from his book *Growing Through Joy*:

Topics will include:

- Making your connection with Spirit a part of your daily life
- Using that to be of greater service to others and to the whole
- Living with a sense of your spiritual vastness and power, and the unity of all things
- Attuning to symbols and signs that arise in your life
- Developing the ability to communicate with any being

In this workshop, Sneh and Shepherd will lead you through various exercises and discussions to help you open to greater fluency in channeling, intuition, and other psychic abilities. They will use various techniques, including Family Constellations. In a constellation, members of the group typically represent key people in a person's family, but elements of any system can be constellated, including parts of your personality, your guides, and Michael chart traits. Amazingly, representatives find that they can inhabit their energies. The facilitators then work with them to bring healing and transformational insights, such as what might be blocking your connection with Spirit. Other techniques will include those that come from spiritual guidance in the moment.

Sneh Schnabel is a master constellations facilitator. Shepherd Hoodwin has been channeling and teaching the Michael material since 1986. Both have decades of experience in working with Spirit. They previously collaborated on four workshops constellating Michael charts. The results were revelatory. Now, for the first time, they are working together with Opening to Spirit.

MICHAEL CHARTS

You might want to have a channeled Michael chart for this workshop. If you do not have one, you can order it from Shepherd [<https://shepherdhoodwin.com/order/>]. Please do so as early as possible. If you had your overleaves channeled by another channel, please send them to Shepherd so that he can fill in his chart form with them. You are welcome to have Shepherd also channel your chart, especially if you are missing significant information included on his. Relate all previously channeled information; if you question anything, briefly say why.

TESTIMONIALS FOR SHEPHERD'S WORKSHOPS

The way Shepherd explains things and addresses the audience is a teaching in itself.

The workshop gave me tools to handle the day-to-day and allows me a kindness towards myself I haven't felt before, maybe because the bigger picture is clear.

Shepherd is a wonderful facilitator and teacher. His knowledge and understanding of the Michael teachings and his ability to relate to the level of understanding of the participants create opportunities for soul growth that resonate long after the workshops are over.

Shepherd's wise presence and loving and tender way of teaching was a precious gift for me.

I had many important insights and experiences during and after the workshop.

We still feel touched. We have a kind of quietness on a different level that is full of joy and love.

We very much enjoyed Shepherd's wit, intelligent articulate delivery, and the enlightened information. I also got very positive responses from my friends who attended.

A big, big thank you for the amazing weekend.

TESTIMONIALS FOR SNEH'S WORKSHOPS

There are no words to describe the impact and effect your work has had on me.

Very outside the box, light, smooth, natural, lovely.

Thank you for your fierce warrior spirit that stood by and protected.

Wildly adventurous!

Sneh Victoria Schnabel was my first teacher in family constellations. She was a generous and challenging instructor. She exuded precision and expert facilitation of what was then and still is an emerging methodology. Having been among the first generation to sit with Bert Hellinger, Sneh was

fearless in placing representatives for rivers as easily as she placed representatives for human parents. An artist and consummate student of human relationships, she has an extraordinary ability to look at herbs and human beings with open curiosity and an appreciation of what they might bring forth, given the right combinations. Having a graceful relationship with spirituality and respect for diverse cultures and family histories, Sneh has been a living example of the powerful ramifications of trust.
